GLADSTONE IS A PROUD BOOM TOWN AND ITS PEOPLE LOVE TO SHARE STORIES OF THE GOOD AND THE BAD THAT HAVE COME WITH THESE WAVES OF SETTLEMENT OVER THE PAST 50 YEARS.

Of course, there is no better way to tell a community story than through a community musical; but *Boomtown* is no ordinary musical.

The largest QMF project to date, this is a musical theatre production on a scale you've never, ever seen before. With an original commissioned script and score and with a 300 strong cast – all from Gladstone – the spectacle that is *Boomtown* engulfs the entire Gladstone Marina foreshore with the waterways and Spinnaker Park as the dramatic and inspiring backdrop. Told through a young boy's eyes, *Boomtown* is a fantastical journey through Gladstone's past, present and future to its true heart.

An incredible industrial set, a massive fire-breathing dragon, ethereal floating sculptures and a rather large number of Hi-Viz Zombies. With four astounding performances, these creations – forged in steel and sweat and light and spirit – provide the exquisite framework upon which the people of Gladstone share what it means to them to be a community.
