

Shining a spotlight on  
**regional Queensland**  
creativity.

***Shine Bright* animated short film,  
featured during *Live at Crow Street Creative*,  
8 Crow Street, Gladstone 6pm – 9pm, Saturday, 29 May 2021**

As part of the *Shine Bright Festival* CQ-RASN has commissioned a new collaborative digital artwork by 6 artists from across the CQ RASN footprint. They have spent the past few weeks being mentored by project coordinator Donna Maree Robinson to create an animated digital artwork in response to our Central Queensland communities.

*Shine Bright* is an animated adventure about an important but mysterious package that is being transported around the far reaches of our Queensland landscape. The quirky characters who are guarding this precious cargo come across many interesting discoveries and obstacles during their journey but it's not until the parcel reaches its final destination that the truth is exposed.
